

Congratulations to the Class of 2021

We were delighted to see this year's A Level cohort build on their excellent GCSE results from two years ago. Rachel B is heading to York to study Biochemistry and joining her will be Amelie M studying Molecular Biology. Emily K is delighted to take up her place at Bristol to study Medicine.

Oliver O is to read Medicine at Imperial College, London along with Peter M to study Chemical Engineering. Also heading to the capital are Micaela B going to UCL to study Biochemistry, Sabrina D studying Law at LSE, Amory N reading Business at Kings College and Ben McT also going to UCL to study Law.

Freya F has met her offer to read Modern Languages at Durham while Theo F will be bound for Edinburgh to study PPE as well as Rianna O taking her place to study Architecture. Staying in Scotland we also have Akin O going to Aberdeen for Computer Science.

Closer to home we have Nerea B, Mark M and Giovanna who are going to Manchester University to study International Management, Electrical Engineering and Mechanical Engineering.

These gratifying results, along with places at Leeds, Liverpool and Birmingham make this a memorable year, but perhaps most gratifying is the number of students across the board who have fulfilled their ambitions to attend a university of their choice. Given the turmoil and uncertainty, of this last year we are extremely proud of all our students.

Success has been achieved because of our teamwork throughout the pandemic. Thank you to all our College staff for their dedication and always being prepared to go the extra mile.

We hope that our students leave with fond memories of life in the classroom and beyond. When the time is right, we will welcome all members of the year group back to celebrate their life at St Bede's. Be happy, enjoy life and take every opportunity and please keep in touch. Once a Bedian always a Bedian.

Mrs S Pike - Headteacher

Congratulations Class of 2021

Congratulations Class of 2021

Congratulations to the Class of 2021

It was a pleasure to see all the happy smiling faces as Upper Fifth collected their GCSE results on Thursday morning. It has been a turbulent two years and it was fantastic to see all their hard work rewarded. Despite not being a typical examinations season, they should be very proud of their achievements and we wish them all the best as they embark on the next stage of the educational journey.

Particular mention needs to be made to those pupils who achieved the top grades in every subject. Twelve pupils reached a grade 8 or 9 across the board, with Sophie, Samuel, Katy, Scarlett, Luke, Marie, Halina and Audrey getting a 9 in every subject taken. These are truly exceptional results and all your teachers are very proud of you.

Pupils who play in the Manchester City Academy continued the tradition of not only sporting, but also academic excellence. These pupils have to balance both their football training and also their school work, and every one of them should be very proud of what they have achieved. A particular well done to Will who achieved five 9s, two 8s, a 7 and a 6.
