

St Bede's College Careers Newsletter

June 2022

As we reach the end of the school year we're working to create a database of career speakers for 2022/3. Please fill in our career contact form (<https://forms.gle/hHdwtm8Bs6n2h9vZ7>) or email me (Mr Hepburn, shepburn@sbcm.co.uk) if you would like to share your career journey with our students.

Summer Career Planning

How can you use your summer break to start you on a great career? Why not try the InvestIN Summer Careers Challenge and do 6 things over 6 weeks that will help you in the world of work? You will still have 2 weeks off to enjoy the summer!

1. Learn something new about a potential career
2. Push yourself and take up a new hobby
3. Give back to your community
4. Get connected and explore your network
5. Take the lead and plan an event
6. 'Have a go' with a practice job interview

Especially suitable for the U5 and L6 but students of all ages can find out more at: <https://online.flippingbook.com/view/1010504794/>

We've moved!

Due to the development of the former Library ICT room into a fantastic new Prep Library, the careers library and other resources have moved to the corner of the main Maher Library (see picture).

You can access a range of books and other resources there

whenever the Library is open. I will be present on Monday lunchtimes - or you can book a career advice session using the form left on the table or by email (shepburn@sbcm.co.uk).

Work experience requests

We've had a number of requests from students for organisations to network with and explore work experience options - as we build up our network could anyone help with the following areas?

- **Veterinary science** - for prospective vets and veterinary nurses
- **Construction and Property** - especially for students looking at higher-level apprenticeship schemes
- **Transport and Logistics** - for both apprentices and those looking for graduate entry

Please email me (shepburn@sbcm.co.uk) if you can!

Online opportunities

Here are the latest career-related experiences we've been sent - please click on the links provided to find out more!

<i>Event / Opportunity</i>	<i>Date / Time</i>	<i>Find out more at ...</i>
<p>Jaguar Land Rover Apprenticeships</p> <p><i>If you'd like to explore the idea of an apprenticeship, Jaguar offers both technical and commercial roles.</i></p>	<p>All year round</p>	<p>https://www.jaguarlandroverretailerapprenticeships.co.uk/</p>
<p>Work experience in the Creative Industries</p> <p>Build new skills in VFX, Animation and Games, introducing you to new contacts and expand your professional network in the creative industry with Pearson College London</p>	<p>July 12th</p> <p>11am - 3.30pm</p>	<p>https://www.pearsoncollegelondon.ac.uk/escape-studios/visit-us/events/virtual-work-experience.html</p>
