Careers Newsletter

October 2022

Welcome to the first newsletter of the new school year! If you have any questions about careers, please get in touch with Mr Hepburn (shepburn@sbcm.co.uk) - or book a slot in the next Careers drop-in (sign-up form in the Careers section of the Maher Library).

Looking for an apprenticeship?

Our first external careers event of the year took place on Wednesday 5th October when recruiters and current apprentices from Virgin Media (IT, business, digital media) and AJ Bell (financial services) gave talks in the Sixth Form Common Room.

Over 35 pupils from U5-U6 were introduced to the opportunities available and the process of applying for an apprenticeship. Judging by the frantic note taking, there was a lot of interest. *Many apprenticeship opportunities are available on Unifrog - log into your account and explore!*

Success at School - free parent career guides

Thinking about helping your child into the world of work but unclear about the growing range of options including Apprenticeships? Sign up at <https://mc.successatschool.org/guides22> and receive these guides which you can download and use to explore the different options available.
